

PROP CHEAT SHEET

You know, there aren't any strict rules when it comes to prop styling. However, I do think there's a basic guide you should keep in your back pocket when you're picking out props. I mean, let's be honest, some foods just won't shine in certain pieces. So, here's my simple cheat sheet for you to use as a reference when you're feeling a little stuck in the creativity department.
